## ALCS – *Variable Fees*

### Art and Music Fees

Amount to be determined based on cost to conduct classes.

### Before and After School Care

Students may arrive at school by 7:45AM and are to be picked up no later than 4:00PM. If a family needs to have their student at school for additional time, arrangements must be made for before and/or after-school care (if available), which will result in extra charges for providing this type of care.

### Sports Fees

The amount will vary depending on charges from the athletic league that ALCS is participating in. Typical charges may include league fees, coaching fees, referee charges, equipment, uniforms, and transportation. Fundraising events may be held specifically to help offset sports fees.

### Field Trip Fees

Amount to be determined based on the location, admission charges and distance from school. Typically, Field Trip Fees are \$10-\$20 per occasion and cover activity charges, admission charges, and transportation costs.

### Property Damage Fees

Amount to be determined based on the cost to replace or repair the property that was damaged by the student or student, the number of students involved in causing the damage, and other factors to be determined on a case-by-case basis (includes the non-emergency discharging of a fire extinguisher).

## TUITION REFUND POLICY

ALCS Tuition is a payment made for educational services provided to a student for the school year. As ALCS incurs certain contractual obligations for teaching staff based on the number of students attending and may turn other students away based on reaching capacity, school policy is that tuition is nonrefundable after the first day of school. Registration and application fees are also always nonrefundable.

If ALCS dismisses a student or determines that the school is no longer able to provide the educational services needed by the student, a portion of the unpaid balance may be forgiven, or a refund provided on prepaid accounts, based on the number of quarters remaining that the student will not be in attendance.

Additionally, if unforeseen circumstances cause the family a hardship that results in the necessity to withdraw a student from ALCS, the school administrator may elect to allow a portion of the unpaid balance to be forgiven, or provide a refund on prepaid accounts, based on the number of quarters remaining that the student will not be in attendance.
